

PECO New Home Rebates

Builder Program Overview

Today's new home buyer wants a better performing home—with a higher level of energy efficiency, comfort, safety and durability. And PECO New Home Rebates can help you become a leader in high-performance homebuilding.

Join the growing network
of area builders already
gaining a competitive edge
in the market.

Benefits for Participating Builders

1. Earn Rebates up to \$4,500 per Home

PECO offers rebates for qualifying high-performance and ENERGY STAR® certified new homes, as well as for low-rise multifamily buildings on a per unit basis.

Tier Levels	Eligibility Requirements	Rebate to Builder	Rebate Cap
Tier 1: Code Plus (20% above)	HERS Rating* 20% savings over code	30¢ per kWh	\$2,500
Tier 2: ENERGY STAR 3.1	HERS Rating* ENERGY STAR certification	35¢ per kWh	\$4,500

*Annual kWh savings are determined by comparing the newly constructed home against a code-minimum custom PECO reference home using REM/Rate software.

2. Access Free Technical Training

We'll provide customized technical training and support designed to help you build high-efficiency homes.

3. Get Free Marketing Support

You'll get a free listing on the PECO New Home Rebates website, a project profile and marketing support to generate awareness and increase sales.
