

PECO New Home Rebates

Want to receive financial incentives and stand out from the competition?

Today's new home buyers desire better-performing homes—with greater energy efficiency, comfort, safety and durability. PECO New Home Rebates can help you become a leader in high-performance homebuilding.

Participating Builders Receive:

- **Rebates up to \$4,500 per Home** on qualifying high-performance and ENERGY STAR® certified new homes, as well as for low-rise multifamily buildings on a per unit basis.
- **Free Technical Training** and support designed to help you build high-efficiency homes.
- **Free Marketing Support** with a listing on the PECO New Home Rebates website, project profiles, and marketing collateral to generate awareness and increase sales.

Tier Levels	Requirements	Rebate to Builder	Rebate Cap
Code Plus (10% above)	HERS Rating* 10% savings over code	30¢ per kWh	\$2,500
ENERGY STAR 3.1	HERS Rating* ENERGY STAR certification	35¢ per kWh	\$4,500

*Annual kWh savings are determined by comparing the newly constructed home against a code-minimum custom PECO reference home using REM/Rate software.
